Early Payment option and benefits on page 2.

Early payment Option: To qualify for this early payment opportunity a team must have been a member of the P.G. Rec. Hockey League for a minimum of the three previous seasons and must have made all their payments on time for the previous three years.

Last season 2024 / 2025 each team in The P.G. Rec. Hockey League that paid on time according to the payment schedule was required to play approximately 7 to 10 regular season games out of 38 that begin at 10:00 PM or later. (Late Games) And approximately 11 to 15 games that started at 9 to 9:45 PM. Based on previous history and possibly adding more teams the allocation this coming season will not likely be nearly as good.

Start times for games are given a value of 1 for games that start at 8:45 PM or earlier. 1.5 for games that start at 9:00 to 9:30 PM, 1.75 for games at 9:45 and 2.0 for games that start at 10:00 PM or later. The total games played in each category is multiplied by the value assigned then added up. Some teams will play an extra late game then less mid start games so the average balances out. Teams that paid on time last year average score for 40 games was 49 and those that paid early average score was 46. Teams that missed a payment or payments played additional late games.

If a team makes their payments on time as described above, they will play the (approximate) same number of late and middle start time games using the value system described above.

If a team pays their total up front as follows, they will play less late and middle start time games. And their average will be approximately 4 points lower.

To qualify for this opportunity a team must make their initial first 2 payments on time and then pay the entire outstanding balance by no later than September 30 of the current year. This opportunity is only available to teams that meet these deadlines. If more than 10 teams become eligible the percentage of late / middle games will go up slightly.

To qualify for this early payment opportunity a team must have been a member of the P.G. Rec. Hockey League for a minimum of the three previous seasons and must have made all their payments on time for the previous three years.
